Item 1.01 Entry into a Material Definitive Agreement.

On June 8, 2006, the Compensation Committee (the Committee) of the Board of Directors of ImmunoGen, Inc. (the Company), authorized payment of cash bonuses for fiscal year 2006 and annual stock option awards to the Company's executive officers. The Committee also authorized salary increases for the Company's executive officers and established target bonus potential for fiscal 2007. The Company does not have formal written incentive or bonus plans for executives, but a summary of the manner in which cash bonuses are determined is set forth below.

The Committee establishes key performance criteria, based upon the corporate goals and objectives, to be met by the Company annually and evaluates the Company's actual performance against those criteria in its determination of whether incentive or bonus payments should be made to executives. Such criteria include the Company's actual financial performance against the Company's plan for the applicable fiscal year, the Company meeting certain research and development milestones and meeting key targets associated with its collaborations. Each executive officer is eligible to receive a target bonus expressed as a percentage of their base salary. The actual bonus amount for each executive officer is determined based on both their individual performance and the Company's actual performance against its predetermined key performance criteria. Determination of the executive officer's individual performance is based on the level of accomplishment against his or her predetermined annual performance goals and objectives.

The key performance criteria established by the Committee for fiscal year 2006 were related to research and development milestones, including milestones associated with the Company's clinical trials, supply chain milestones, meeting key targets associated with its collaborations and financial performance. The key performance criteria for fiscal year 2007 have not yet been approved by the Committee.

The cash bonuses related to fiscal 2006, base salaries and target bonuses percentages for fiscal 2007 and the annual stock option awards for ImmunoGen's executive officers are listed in Exhibit 10.1 and are incorporated herein by this reference. Additional information on executive compensation is included in ImmunoGen's proxy statement for its annual meeting of shareholders.
