## Item 8.01 Other Events.

### *Foreign Regulatory Filing*

As previously disclosed, on November 30, 2023, ImmunoGen, Inc., a Massachusetts corporation (the “Company” or “ImmunoGen”), entered into an Agreement and Plan of Merger (the “Merger Agreement”) with AbbVie Inc., a Delaware corporation (“AbbVie”), Athene Subsidiary LLC, a Delaware limited liability company and wholly owned subsidiary of AbbVie (“Intermediate Sub”), and Athene Merger Sub Inc., a Massachusetts corporation and wholly owned subsidiary of Intermediate Sub (“Purchaser”), pursuant to which, upon the terms and subject to the conditions set forth therein, Purchaser will be merged with and into the Company (the “Merger”), with the Company surviving the Merger as a subsidiary of Intermediate Sub. On January 2, 2024, ImmunoGen filed a definitive proxy statement with the Securities and Exchange Commission (the “SEC”) in connection with the Merger (the “Proxy Statement”).

Pursuant to the Merger Agreement, the parties thereto agreed to file a notification with respect to the Merger with the German Federal Cartel Office (the “FCO”) pursuant to the German Act against Restraints of Competition. AbbVie filed a notification, also with effect for ImmunoGen, with respect to the Merger with the FCO on January 11, 2024.

### *Supplemental Disclosures*

Since the filing of the Proxy Statement, four (4) complaints have been filed by purported ImmunoGen shareholders as individual actions: (i) three (3) complaints have been filed against ImmunoGen and the members of its Board of Directors in the United States District Court for the Southern District of New York, captioned *Gary Marek v. ImmunoGen, Inc., Stephen C. McCluski, Stuart A. Arbuckle, Mark J. Enyedy, Mark A. Goldberg, Tracey L. McCain, Dean J. Mitchell, Kristine Peterson, Helen Thackray, and Richard J. Wallace* (filed January 5, 2024), *Richard Lawrence v. ImmunoGen, Inc., Stephen C. McCluski, Stuart A. Arbuckle, Mark J. Enyedy, Mark A. Goldberg, Tracey L. McCain, Dean J. Mitchell, Kristine Peterson, Helen Thackray, and Richard J. Wallace* (filed January 11, 2024), and *Shannon Jenkins v. ImmunoGen, Inc., Stephen C. McCluski, Stuart A. Arbuckle, Mark J. Enyedy, Mark A. Goldberg, Tracey L. McCain, Dean J. Mitchell, Kristine Peterson, Helen Thackray, and Richard J. Wallace* (filed January 10, 2024) (collectively, the “New York Merger Actions”); and (ii) one (1) complaint has been filed against AbbVie, ImmunoGen, and the members of ImmunoGen’s Board of Directors in the Superior Court of Middlesex County in the Commonwealth of Massachusetts, captioned *Robert Garfield v. Stuart Arbuckle; Mark Enyedy; Mark Goldberg, MD; Tracey McCain; Stephen McCluski; Dean Mitchell; Kristine Peterson; Helen Thackray, MD; Richard Wallace; ImmunoGen, Inc. and AbbVie Inc.*, filed January 8, 2024 (the “Massachusetts Merger Action” and, collectively with the New York Merger Actions, the “Merger Actions”).

The Merger Actions allege that the Proxy Statement misrepresents and/or omits certain purportedly material information. The New York Merger Actions each assert claims for violations of Section 14(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and Rule 14a-9 promulgated thereunder against ImmunoGen and its Board of Directors, and violations of Section 20(a) of the Exchange Act against ImmunoGen’s Board of Directors. The Massachusetts Merger Action asserts claims under Massachusetts state law.

Additionally, ImmunoGen has received written demands from various purported ImmunoGen shareholders alleging similar insufficiencies in the preliminary proxy statement filed by ImmunoGen with the SEC on December 21, 2023, or the Proxy Statement (such letters, the “Demands” and, collectively with the Merger Actions, the “Litigation Matters”).

ImmunoGen believes that the claims asserted in the Litigation Matters are without merit and that no further disclosure beyond that already contained in the Proxy Statement is required under applicable law to supplement the Proxy Statement, as claimed in the Litigation Matters. Nonetheless, in order to avoid the risk that litigation may delay or otherwise adversely affect the consummation of the Merger, to avoid nuisance and possible transaction delays, and to minimize the expense of defending against the Litigation Matters, and without admitting any liability or wrongdoing, ImmunoGen is making the following supplemental disclosures to the Proxy Statement. If additional similar complaints are filed, absent new or significantly different allegations, the Company will not necessarily disclose such additional filings. Nothing in this Current Report on Form 8-K shall be deemed an admission of the legal necessity or materiality under applicable laws of any of the supplemental disclosures set forth herein. To the contrary, ImmunoGen specifically denies all allegations in the Litigation Matters, including that any additional disclosure was or is required, and believes that the supplemental disclosures contained herein are immaterial.

---

This supplemental information (the “Supplemental Disclosures”) to the Proxy Statement amends and supplements, and should be read in conjunction with the Proxy Statement, which should be read in its entirety and is available on the SEC’s website at [www.sec.gov](http://www.sec.gov), along with periodic reports and other information ImmunoGen files with the SEC. The Supplemental Disclosures will not change the consideration to be paid to ImmunoGen shareholders in connection with the Merger or the timing of the special meeting of ImmunoGen shareholders (the “Special Meeting”) to be held virtually on January 31, 2024, at 9:00 a.m. Eastern Time. ImmunoGen shareholders will be able to virtually attend and vote at the Special Meeting via the internet at [www.virtualshareholdermeeting.com/IMGN2024SM](http://www.virtualshareholdermeeting.com/IMGN2024SM).

**The disclosure in the section entitled “Background of the Merger,” beginning on page 27 of the Proxy Statement, is hereby amended and supplemented as follows:**

*The paragraph beginning “On October 17, 2023, the Company Board convened a meeting by videoconference” on page 31 of the Proxy Statement is hereby amended and supplemented as follows:*

On October 17, 2023, the Company Board convened a meeting by videoconference, with members of Company management and representatives of Goldman Sachs, Lazard, and Ropes & Gray in attendance, to discuss the October 16 Proposal. Mr. Enyedy provided an update on interactions with Party B since the meeting of the Company Board on October 7, 2023. Representatives of Goldman Sachs and Lazard provided their perspectives on the October 16 Proposal and then reviewed a preliminary, illustrative analysis of deal size and premia at various prices per share of Company Common Stock. Following discussion of potential avenues for further engagement with Party B and potential outreach to the five pharmaceutical companies identified at the October 7, 2023, meeting of the Company Board, the Company Board instructed representatives of Goldman Sachs and Lazard to contact those five potential additional bidders to assess interest in a potential strategic transaction with the Company. The Company Board also authorized Mr. Enyedy to (i) negotiate, approve, and execute a confidentiality agreement with each of the potential counterparties that indicated an interest in pursuing a transaction, and, on that basis, to provide limited non-public diligence information to them, and (ii) convey to the chief executive officer of Party B that the October 16 Proposal did not recognize full value for the Company but that the Company was prepared to answer additional specific diligence requests from Party B. The Company Board next considered establishing a transaction committee to facilitate oversight of the process of exploring a potential business combination transaction. Following such discussion, the Company Board resolved to establish such a committee of the Company Board, comprised of Mr. McCluski, as chair, Ms. Peterson, and Mr. Enyedy, for such purposes, with the Company Board retaining authority over final approval of any potential strategic transaction. We refer to this committee as the “Committee.” The Committee was formed for convenience and efficiency and was not formed to address any director conflict of interest. The Committee was not granted the authority to approve any transaction, **and the members of the Committee did not receive additional compensation for their service on the Committee.**

*The paragraph beginning “Also on October 26, 2023, the Company entered into a non-disclosure agreement with AbbVie” on page 32 of the Proxy Statement is hereby amended and supplemented as follows:*

Also on October 26, 2023, the Company entered into a non-disclosure agreement with AbbVie containing a standstill that would terminate if the Company signed a merger agreement contemplating a change of control, and the Company entered into a non-disclosure agreement with Party E containing a similar standstill provision. **The material terms of the non-disclosure agreement with AbbVie were substantially similar to the non-disclosure agreements with the other bidders.**

---

*The paragraph beginning “Also on November 29, 2023, AbbVie submitted a binding proposal to acquire the Company’s outstanding shares” on page 36 of the Proxy Statement is hereby amended and supplemented as follows:*

Also on November 29, 2023, AbbVie submitted a binding proposal to acquire the Company’s outstanding shares for \$31.26 per share of Company Common Stock on a fully-diluted basis, along with a revised markup of the auction draft merger agreement and a revised draft of the Company’s disclosure letter to the merger agreement (the “AbbVie November 29 Proposal” and, together with the Party B November 29 Proposal, the “November 29 Proposals”). **Similar to the previous proposals received by the Company, neither of the November 29 Proposals included any proposal regarding retention of the management of the Company following the closing, and, as described in more detail in the section of this proxy statement captioned “Employment Agreements and Retention Arrangements Through and Following the Merger”, none of the Company’s currently employed executive officers have entered into any new agreement, arrangement or understanding with AbbVie or its affiliates regarding employment with the Surviving Corporation.**

**The disclosure in the section entitled “Opinion of Goldman Sachs,” beginning on page 42 of the Proxy Statement, is hereby amended and supplemented as follows:**

*The paragraph beginning “Using the mid-year convention for discounting cash flows and discount rates” on page 43 of the Proxy Statement is hereby amended and supplemented as follows:*

Using the mid-year convention for discounting cash flows and discount rates ranging from 11.0% to 13.0%, reflecting estimates of ImmunoGen’s weighted average cost of capital, Goldman Sachs discounted to present value as of September 30, 2023 (i) estimates of unlevered free cash flow for ImmunoGen for the calendar years 2023 through 2040 as reflected in the Management Forecasts and (ii) a range of illustrative terminal values for ImmunoGen, which were calculated by applying perpetuity growth rates ranging from -15.0% to -5.0%, to a terminal year estimate of the unlevered free cash flow to be generated by ImmunoGen **of \$955 million**, as reflected in the Management Forecasts.

*The paragraph beginning “Goldman Sachs derived ranges of illustrative enterprise values” on page 44 of the Proxy Statement is hereby amended and supplemented as follows:*

Goldman Sachs derived ranges of illustrative enterprise values for ImmunoGen by adding the ranges of present values it derived above. Goldman Sachs then added to the range of illustrative enterprise values it derived for ImmunoGen the estimated net cash of ImmunoGen as of September 30, 2023, as provided by and approved for Goldman Sachs’ use by the management of ImmunoGen, to derive a range of illustrative equity values for ImmunoGen. Goldman Sachs then divided the range of illustrative equity values it derived by the estimated number of fully diluted outstanding shares of Company Common Stock as of ~~September 30~~ **November 27, 2023, ranging from approximately 318.9 million to 320.9 million**, calculated using the treasury stock method and data provided by and approved for Goldman Sachs’ use by the management of ImmunoGen, to derive a range of illustrative equity values per share of Company Common Stock ranging from \$16.25 to \$20.40 rounded to the nearest \$0.05.

**The disclosure in the section entitled “Opinion of Lazard,” beginning on page 45 of the Proxy Statement, is hereby amended and supplemented as follows:**

*The paragraph beginning “The terminal values were derived by applying” on page 48 of the Proxy Statement is hereby amended and supplemented as follows:*

The terminal values were derived by applying a negative perpetuity growth rate range of (15.0%) to (5.0%) to the estimated **terminal year** unlevered free cash flow to be generated by ImmunoGen **of \$955 million**. The negative perpetuity growth rates were estimated by Lazard based on its professional judgment and experience taking into account the Management Forecasts.

*The paragraph beginning “Lazard then added to the range” on page 48 of the Proxy Statement is hereby amended and supplemented as follows:*

Lazard then added to the range of enterprise values the estimated net cash of the Company on September 30, 2023, to derive a range of total equity values for ImmunoGen. Lazard then calculated a range of implied equity values per share of Company Common Stock by dividing such total equity values of ImmunoGen by the number of fully diluted shares of Company Common Stock, **ranging from approximately 318.9 million to 320.9 million**, as calculated **using the treasury stock method and** based on information provided **by** ImmunoGen with respect to dilutive securities outstanding as of November 27, 2023. ~~The results of this analysis implied an~~ **to derive an illustrative** equity value per share **of Company Common Stock** range of \$16.25 to \$20.40, rounded to the nearest \$0.05.
